

CEMRE BOZDOGAN

Student

ABOUT ME

I am Cemre, a recent high school graduate with a strong passion for pursuing a successful career in computer engineering. I am eager to develop my professional skills by combining theoretical knowledge with practical experience through a dual study program. As a team-oriented and sociable individual, I thrive in collaborative environments and am committed to contributing to innovative projects in the field of computer engineering. I am seeking my first university and work experience to build a solid foundation for my future career.
